

OCTOBER 26 – OCTOBER 27, 2023
THE RITZ CARLTON – ORLANDO, FL, USA

CyberDefenseCon

CyberDefenseCon is our annual conference where we bring together 100+ of our Top Global CISO Award winners and a select group of our Top InfoSec Innovators for an exclusive, intimate gathering with ample networking opportunities to build fruitful business relationships.

About the CISOs...

Our Top Global CISO Awards winners represent a wide array of industry verticals, but NOT cybersecurity! The goal of our conference is to bring CISO buyers of cybersecurity solutions to mingle and take demos from our Top InfoSec Innovators.

CISOs love our conference because it gives them a rare opportunity to discuss the most pressing issues they are facing with their fellow CISOs, exchange notes and ideas, and learn about the most innovative cybersecurity solutions from the InfoSec Innovators that elect to participate in the Solutions Showcase.

CyberDefenseCon is an exclusive, private event – NOT open to the public or the press. Our conference operates under “Chatham House Rule”, so the CISOs can speak freely with their peers.

LEARN ABOUT SOME OF THE MOST INNOVATIVE INFORMATION SECURITY SOLUTIONS IN THE WORLD
